

**Heartwarming PBS Documentary Celebrates Neurodiversity
Crossroads Continuum Partners with ASD BAND: THE MOVIE to Offer Sneak Peek**

Marlborough, MA — April 1, 2024 — Crossroads Continuum invites you to a special online film premiere event featuring the award-winning PBS documentary ASD BAND: THE MOVIE in honor of Autism Awareness and Acceptance Month.

ASD BAND: THE MOVIE follows the inspiring journey of four talented musicians, all of whom are on the Autism spectrum, and highlights their loving families and friends. This heartwarming film celebrates neurodiversity and provides an honest portrayal of the challenges faced by those with Autism.

While ASD BAND: THE MOVIE will air nationally on PBS in 2025, Crossroads Continuum has partnered with the producers to offer an exclusive sneak preview virtual premiere. The film is available for streaming throughout the month of April 2024.

To watch this uplifting documentary, click the button below to access the on-demand screening. A portion of each ticket and donation directly supports Crossroads Continuum. Don't forget to use the "Forward to a Friend" button on the screening page to share this experience with your friends and family!

###

Crossroads Continuum, headquartered in Hudson, MA, is a non-profit whose mission is to enhance the quality of life for individuals with Autism and related disorders from birth through adulthood. We serve over 100 families from more than 60 communities across Mass.

Using the science of Applied Behavior Analysis (ABA), Crossroads Continuum provides individualized services to those with Autism. Our clinical expertise and compassionate care allow participants to engage meaningfully in real life and connect with others. We envision a world where those with Autism lead lives of hope and receive the education and clinical support needed to set aspirational goals and engage meaningfully with their family and community at all ages and stages of life.
